# How it all works

Our team of Direct Marketing Specialists will discuss your business needs, work with your budget, develop a plan, design your ads, and guide you through every step of this highly-trackable, results-driven marketing powerhouse.

## Direct Mail

From start to finish, our team will help you plan your campaign, compile a targeted mailing list, create your mailer, print, address and ship your mailers direct to the USPS® for delivery.

## Mail Tracking

You can track when your mail has been delivered as well as receive predicted delivery dates and real-time delivery dates as your mailers begin to land.

## Informed Delivery Email

Your mailer is supported by a clickable full color ad within the Informed Delivery email preview sent by the USPS. Recipients subscribed to this service will see a preview of your mailer before they get it.

## Social Match

We'll take your mailing list and match up to 60% of the recipients with their personal Facebook and Instagram user accounts.

## Social Media Ads

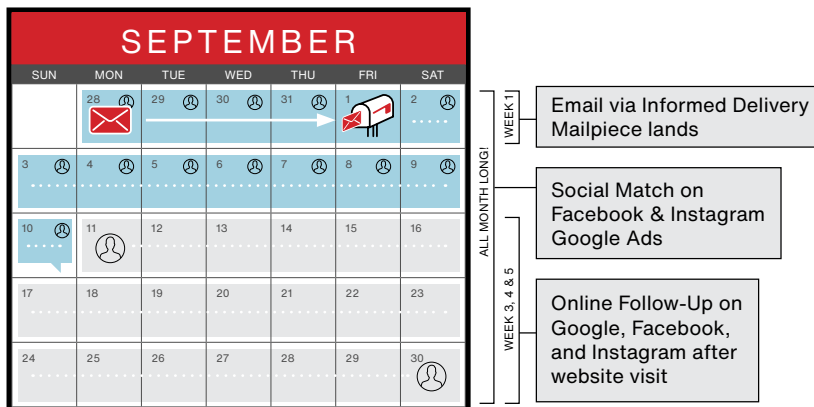

Matched recipients receiving your mailer will also see your digital ad on their Facebook & Instagram pages, ensuring your campaign achieves maximum exposure.

## Google Retargeting Ads

Modern MAX captures visitors to your website and then displays your digital ad on other websites they visit later, keeping your business top of mind everywhere they browse.
